Friday was a very busy NEWS day. I spent the better part of the day getting my stories ready for the paper on 9/28/83. At noon I attended a meeting of the Citizens for a Better Carbondale ("CBC") at which were present: Rev. Claude A. Pullin, Ken Colville, Sam Falbo, Rev. Charles Harzer and SRP. The purpose of the meeting was to plot out the next move of the CBC and the CHS+M, with reference to a town meeting in late October. The meeting lasted about an hour. I was amused and pleased to see myself in a room full of such important Carbondale people. When the meeting bell rang and their concert on October 2. The Superintendent of Schools (Patrick Walsh) telephoned and asked me to stop by his office sometime when I had a chance -- he wanted to speak with me about "my very impressive résumé" (to use his words) which I recently submitted to him in regard to a substitute teacher position at CHS. I will stop and see him next week when I am at the school doing an interview of another department -- to continue on the Social Studies article.
